

Minutes: Wayne County Planning Team-May 8, 2018

Absent: Roger Clark, Jim McNeil, Fr. Symon

The meeting started at 6:04pm

Deacon Bob led the Opening Prayer

Acceptance of the minutes for the last meeting: Motion by O'Connor, seconded by Owen

Shannon requested that the agenda be adjusted to review ministry assessments and building Sub Committee information go first and then the scenario evaluations. All agreed.

Sub Committee for Buildings and Grounds:

- Properties to be sold

- Properties to be leased

- Properties to be used in different ways

We need people on the committee who can visit during the day.

Mary Capone was concerned that this committee may infringe on things already happening in certain parishes. Shannon noted that those things would be taken into consideration. But it was decided to hold for another meeting, the conversation about establishing a Building Sub-committee.

Assessment of Ministries

- Need staffing and training

- Migrant Ministry and special interest should be included

O'Conner said it took her 20 minutes to do the survey and that regular people would probably not have any clue about the questions.

Deacon Bob mentioned that Blessed Trinity had done something similar a few years ago and got a good response.

The survey can be done online and compiled by Survey Monkey.

Deacon Greg said we will need paper copies.

Add: Awareness of Migrant Ministry

Provide a link to survey on paper copies

Have staff linked separately

Start the month of June and end by July 1

Break for 7 minutes

Scenarios:

Open response: Deacon Greg said there was no new input to the rankings. the question of fairness is going to be out there.

Wider communication needed to narrow down the choice.

Need a way to inform and get feedback from Parishioners.

Need to communicate with all the Parishioners. Decision was reached that Shannon would provide a) a list of Planning Team members; b) a short narrative on where we've been and where we are in the planning process; c) some priest data and d) map graphics of the remaining scenarios under consideration.

Intent was to provide this data to parishioners during the month of May/June . . . handouts, binders, bulletin information . . . at the discretion of the parishes. Ministry assessments could be handed out (with a roll-up of received data provided by the parishes) or taken on-line, with the "link" provided for in parish bulletins.

Ministry assessments would be open through June.

Meeting ended at 8:12pm

Respectfully submitted

Mary DeLisio
